

HOW TO MAKE
A CAMPFIRE
PLAY BOARDGAME

TINDER - FINE MATERIAL
TO CATCH A SPARK
AND IGNITE KINDLING.

EX: DRY GRASS, NEWSPAPER
OR DRYER LINT

KINDLING- EASILY
COMBUSTIBLE SMALL
STICKS OR TWIGS

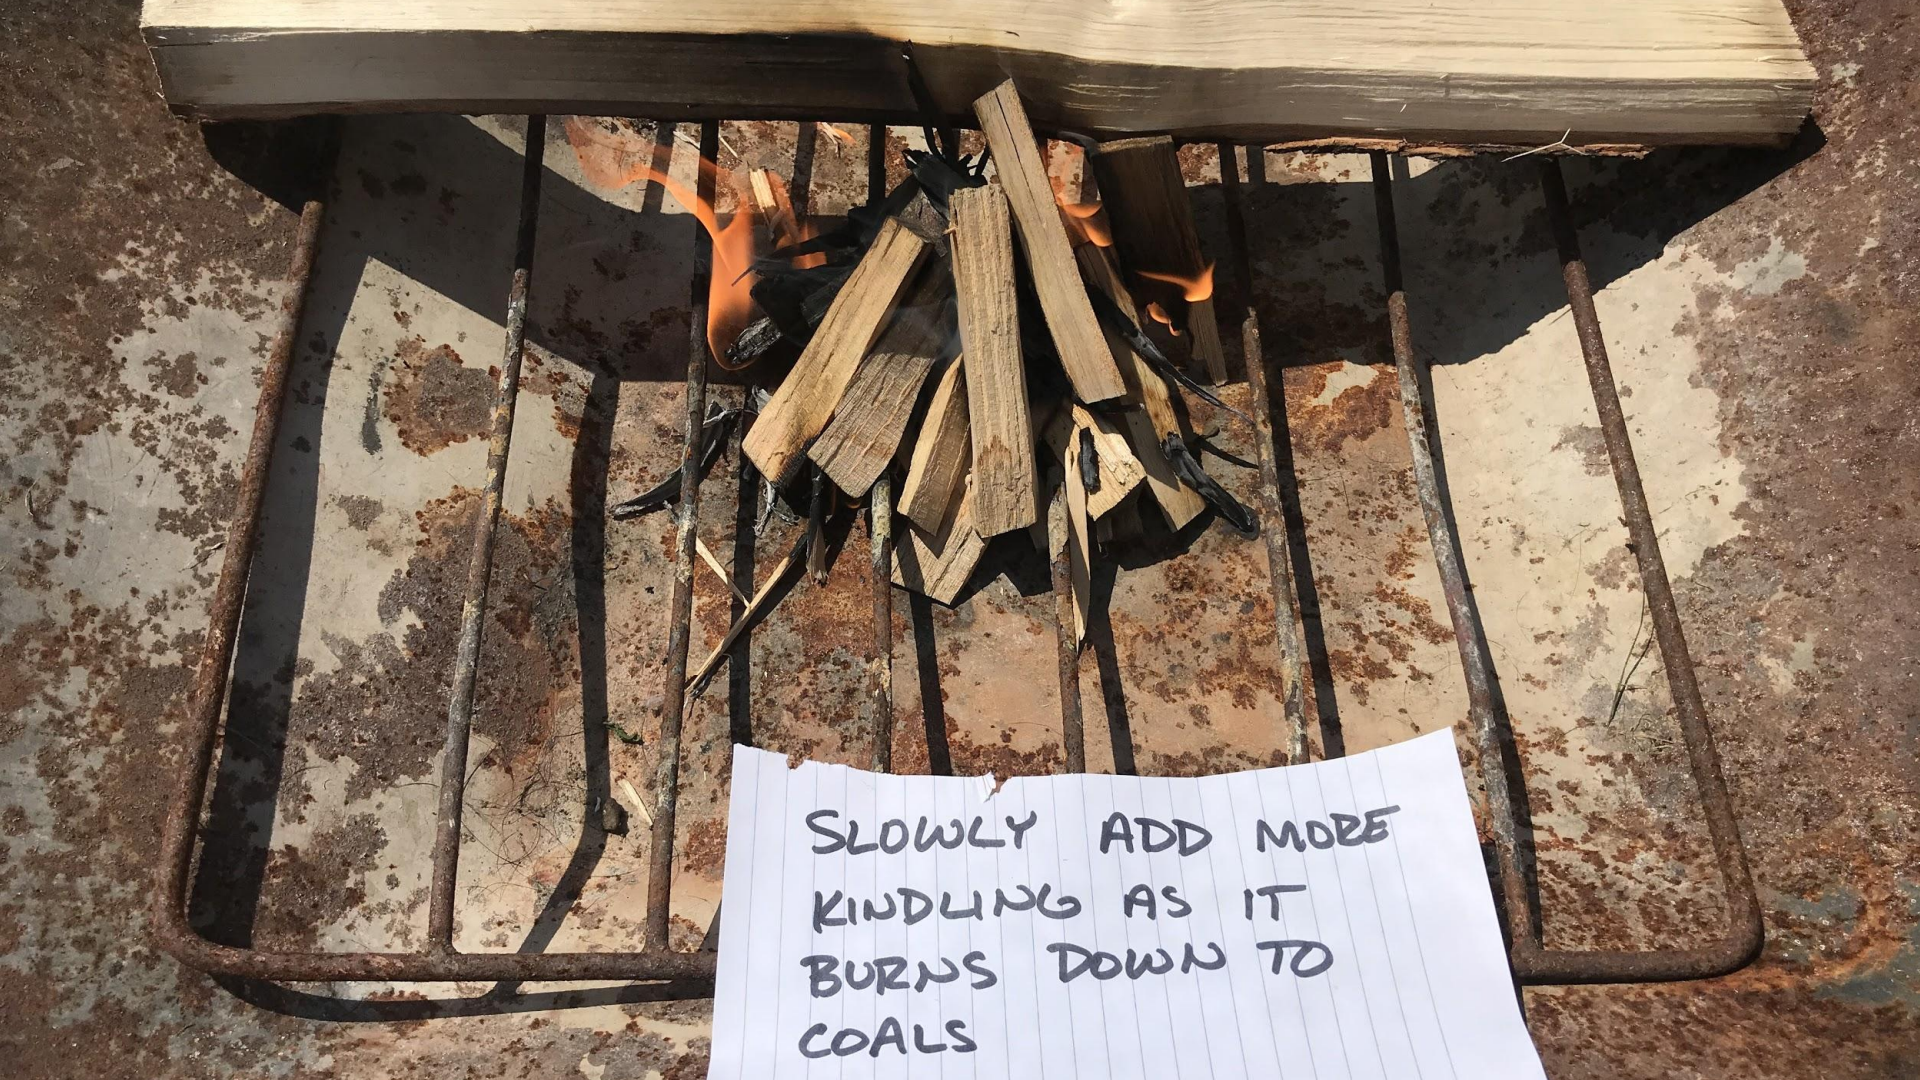

FIREWOOD - SHOULD BE
DRY, LOCAL, CLEAN AND
ABOUT THE SIZE OF YOUR
LOWER ARM

A survival kit is laid out on a rusty metal tray. At the top is a long, straight piece of light-colored wood. Below it, a pile of thin, dry sticks and twigs is arranged in a teepee shape. In the center of this pile is a small, dark, crumpled object, possibly a piece of cloth or a small animal. A white, lined piece of paper with handwritten text is placed in front of the wood pile. The background is a rusty, textured surface.

USING YOUR TINDER
AND KINDLING BUILD
A TEEPEE

IGNITE YOUR
TINDER

A photograph showing a fire burning in a metal grate. The grate is made of vertical metal bars and is set against a background of a rusty, weathered metal surface. A pile of dry wood is burning in the center of the grate, with bright orange and yellow flames visible. A piece of white paper with handwritten text is placed in the foreground, partially overlapping the grate. The text on the paper reads: "SLOWLY ADD MORE KINDLING AS IT BURNS DOWN TO COALS".

SLOWLY ADD MORE
KINDLING AS IT
BURNS DOWN TO
COALS

ADD LARGER PIECES
OF FIREWOOD AS
A BED OF COALS
DEVELOPS

A LOG CABIN
SHAPE IS GREAT
TO COOK OVER

ALWAYS HAVE A
WAY TO EXTINGUISH
YOUR FIRE!

A top-down view of a rectangular metal fire pit set into a stone-tiled surface. Inside the pit, two logs are burning, with small flames visible. The pit is surrounded by a border of irregularly shaped, light-colored stones. The surrounding ground is dark asphalt. A white sign with handwritten text is placed in front of the pit.

NEVER LEAVE A
CAMPFIRE UNATTENDED
AND
EXTINGUISH WHEN
FINISHED

ENJOY!
